PROFESSIONAL SUMMARY

Multidisciplinary UI/UX and Graphic Designer with hands-on experience in brand identity, print and editorial layout, web interface design, photography, videography and 3D modeling. Comfortable owning a project end-to-end, from concept and shoot to edit and final delivery, using Figma, Adobe XD, Photoshop, Illustrator, Lightroom, Premiere Pro, After Effects and Blender. UI/UX design experience on web applications (wireframes, prototypes, user flows, design systems) combined with a B.Tech in Computer Science and front-end skills in React.js and Next.js, which helps bridge design and development. Uses AI tools (ChatGPT, Claude, Midjourney) and prompt engineering to speed up ideation and concept generation. Based in Dubai and available to join immediately.

CORE SKILLS

UI/UX Design: Wireframing, Prototyping, User Flows, Design Systems, Information Architecture, Interaction Design, Responsive Design, Web Accessibility, Figma, Adobe XD

Graphic & Brand Design: Logo & Brand Identity, Print & Editorial Layout, Poster & Flyer Design, Typography, Adobe Photoshop, Adobe Illustrator, Canva

Photography & Video: Photo Editing, Videography, Video Editing, Podcast Production, Adobe Lightroom, Adobe Premiere Pro, Adobe After Effects

3D & Motion: 3D Modeling, Architectural Visualization, Rendering, Blender, Motion Graphics

AI-Assisted Design: Prompt Engineering, ChatGPT, Claude, Midjourney, Canva

Front-End & Web: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, TypeScript, Tailwind CSS, Design-to-Development Handoff

Tools & Practices: Git, GitHub, Agile/Scrum, Cross-Functional Collaboration, Client Briefs

PROFESSIONAL EXPERIENCE

UI/UX Developer Intern | MPro Technologies, Calicut, Kerala, India **Jul 2023 – Jan 2024**

- Created wireframes, interactive prototypes, user flows and a reusable design system for multiple web application modules, following UI/UX best practices.
- Improved usability, accessibility, responsive layouts and visual consistency across application modules.
- Structured navigation and content flows using information architecture and interaction design principles.
- Collaborated with developers and product teams to translate user requirements and design concepts into functional interfaces.

Career Break & Upskilling **Feb 2024 – Present**

- Completed MERN Full Stack training and a React JS certification, and built front-end and full-stack projects to strengthen design-to-development skills.

DESIGN & CREATIVE PROJECTS

- **Brand Identity & Logo Design** (Japanese Training Institute; Adobe Illustrator, Photoshop): designed a complete logo and brand identity for a Japanese language training institute, translating the client brief into a distinct visual mark.
- **Website Homepage Design** (Illford Digital; Figma, Adobe XD, Photoshop): designed the homepage layout and visual identity, balancing brand tone with clear UX and content hierarchy.
- **Magazine Design** (College Publication; Adobe Illustrator, Photoshop): designed the full layout, typography and visual style, from cover to inside spreads.
- **Podcast Production & Editing** (College Podcast; Adobe Premiere Pro, Canva): produced and edited a podcast series, handling audio editing, episode assembly and cover and promotional artwork.
- **3D Residential House Modeling** (Personal Projects x2; Blender): modeled two residential house designs covering structure, layout and rendered visualization.

UI/UX & FRONT-END PROJECTS

- **Hospiq, Hospital Management Web Application** (React.js, Node.js, MongoDB, Figma): built a full-stack platform with role-based dashboards for patients, doctors, staff and administrators, including appointment booking, doctor scheduling, electronic medical records and real-time queue tracking.
- **Personal Portfolio, UI/UX Designer & Software Engineer** (Next.js, React, TypeScript): designed and developed a responsive, animated portfolio with separate UI/UX and software engineering profiles in one application.

- **Attendance Management System** (React.js, Node.js, MongoDB): built a QR-code attendance system with authentication and course management for instructors and students.

EDUCATION & CERTIFICATIONS

B.Tech in Computer Science and Engineering **Jul 2023**
APJ Abdul Kalam Technological University, Kerala, India | CGPA 6.98/10 (First Class)

MERN Full Stack Development, JSpiders Training Institute **Jul 2025**

React JS Certification, Internshala Trainings **Jun 2024**

LEADERSHIP & ACTIVITIES

- Led the IEEE Design Team, CETkr for three years, directing visual design output and mentoring students in UI/UX and graphic design.
- Webmaster (2020–2021) and Electronic Communication Coordinator (2021–2023), IEEE Student Branch, CETkr.
