ADARSH PRAKASAN

Full-Stack Developer (MERN Stack) | React.js • Node.js • MongoDB • Next.js • TypeScript

Dubai, UAE | +971 55 821 6334 | adarshp2911@gmail.com

github.com/adarshprakasan | linkedin.com/in/adarshprakasan | adarshprakasan.vercel.app (Portfolio)

PROFESSIONAL SUMMARY

Full-Stack Developer (MERN) with a B.Tech in Computer Science and Engineering and a UI/UX design background. Built Hospiq, a full-stack hospital management platform with JWT role-based access, doctor scheduling, electronic medical records and real-time queue tracking. Skilled in React.js, Next.js, TypeScript, Node.js, Express.js and MongoDB, delivering secure REST APIs and responsive, accessible interfaces. Strong front-end sense from hands-on UI/UX work (Figma, Adobe XD, design systems), which supports clean design-to-code handoff and collaboration with product teams. Based in Dubai and available to join immediately.

TECHNICAL SKILLS

Full-Stack (MERN): MongoDB, Express.js, React.js, Node.js, Next.js, TypeScript

Programming Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL, Python

Frontend: React Hooks, Redux, Tailwind CSS, Responsive Design, Web Accessibility, Component-Based Architecture

Backend & APIs: REST API Development, API Integration, JWT Authentication, Role-Based Authorization, MVC Architecture, Error Handling

Database: MongoDB, Mongoose, SQL, Database Design, CRUD Operations

Tools: Git, GitHub, Postman, Vite, VS Code

Practices: Agile/Scrum, Debugging, Clean Code, Cross-Functional Collaboration

UI/UX & Design: Figma, Adobe XD, Wireframing, Prototyping, Design Systems, Adobe Photoshop, Adobe Illustrator

PROFESSIONAL EXPERIENCE

UI/UX Developer Intern | MPro Technologies, Calicut, Kerala, India **Jul 2023 – Jan 2024**

- Designed wireframes, interactive prototypes, user flows and a reusable design system for multiple web application modules.
- Improved usability, accessibility, responsive layouts and visual consistency across application modules.
- Partnered with developers and product teams to turn user requirements into functional web interfaces.
- Structured navigation and content flows using information architecture and interaction design principles.

Career Break & Upskilling **Feb 2024 – Present**

- Prepared for competitive examinations, building discipline and analytical problem-solving, then returned to the software industry to pursue a full-stack career.
- Completed MERN Full Stack training and a React JS certification, and built the full-stack projects listed below.

PROJECTS

Hospiq – Full-Stack Hospital Management Web Application

React.js, Node.js, Express.js, MongoDB, REST APIs, JWT

- Built an end-to-end hospital management platform with React.js, Node.js/Express.js REST APIs and MongoDB, secured with JWT role-based authentication for patients, doctors, staff and administrators.
- Delivered token booking, doctor scheduling, department filtering, electronic medical records and QR-based appointment workflows, with consistent API error handling.
- Enabled real-time token status and queue tracking so patients and staff can follow appointment progress.

Attendance Management System

React.js, Node.js, Express.js, MongoDB

- Built a QR-code attendance system with authentication, course management and REST APIs for instructors and students.

Personal Portfolio – Software Engineer & UI/UX Designer

Next.js, React, TypeScript

- Designed and developed a responsive, animated portfolio with separate software engineering and UI/UX profiles in one application.

Additional Projects

- Music Web App: dynamic song listings and an interactive player built with React.js and Hooks.
- Weather App: real-time weather data retrieved and displayed through external REST APIs.
- To-Do App: task creation, updating and status management.

- Face Identification System: Python and computer vision tool for identification and reporting.

EDUCATION & CERTIFICATIONS

B.Tech in Computer Science and Engineering **Jul 2023**
APJ Abdul Kalam Technological University, Kerala, India | CGPA 6.98/10 (First Class)

MERN Full Stack Development, JSpiders Training Institute **Jul 2025**

React JS Certification, Internshala Trainings **Jun 2024**

LEADERSHIP & ACTIVITIES

- Participated in the IEEE Xtreme 15.0 coding competition.
- Webmaster (2020–2021) and Electronic Communication Coordinator (2021–2023), IEEE Student Branch, CETkr.
- Led the IEEE Design Team, CETkr for three years, mentoring students in UI/UX and graphic design.

ADDITIONAL INFORMATION

Languages: English, Hindi, Malayalam
Nationality: Indian
Availability: Visit Visa – available to join immediately
